

‘The learning journey that I was taken on by Chloë at **Wisdom Drops** was interesting, relevant and enjoyable. The opportunity for reflection as an individual and as part of a team was invaluable, I certainly learnt a lot about myself!

The course has empowered me and re-enlightened my desire to change aspects of our school systems. We work in stressful environments and sharing some of the ideas from this course has brought us together as a team at school as well as supporting the children and families that we work with.’

Jenni Lloyd, Assistant Headteacher and Wisdom Champion for Chantry Primary Academy

(‘Understanding Children’s Behaviour’
Wisdom Drop delivered to Luton
West Area Partnership 2012)

Wisdom Drops is a *transformational change model* which starts with a drop of wisdom being instilled in to a system (organisation/group, family or person) through a targeted *learning journey* made by a selected person. This person becomes the *champion* of the wisdom, equipped and supported to lead significant change throughout their system in innovative, creative and lasting ways. By joining the *Wisdom Drops community*, the champions stay supported and enthused to continue to develop their skills and evolve their systems.

So from a seed can mighty oaks grow...
